All tables should be numbered consecutively and centered above the table as shown in Table 1. The body of the table should be no smaller than 7 pt. There should be a minimum two line spaces between tables and text.

#### 4 Discussions

This template is not yet ASME journal paper format compliant at this point. More specifically, the following features are not ASME format compliant.

1. The format for the title, author, and abstract in the cover page.
2. The font for title should be 24 pt Helvetica bold.

If you can help to fix these problems, please send us an updated template. If you know there is any other non-compliant item, please let us know. We will add it to the above list. With your help, we shall make this template compliant to the ASME journal paper format.
